

WITH GOD IN OUR HEARTS,
WE LOVE AND LEARN

St. Joseph's Newsletter

Issue 008 - 13 November 2017

I would like to take this opportunity to tell you about all we are doing in our school to raise the standards in PE and encourage a healthy lifestyle. As well as your children taking part in high quality PE lessons we are also paying for professional sports coaches to come in and work with your children to improve basic skills such as throwing and catching and improving fitness through circuits and other physical activities. We have made the choice to walk to swimming lessons instead of going by coach. We have also spent money on new line markings on the playgrounds to encourage more active playtimes and are looking forward to the arrival of a wooden trim trail in the next few weeks. We are also offering a range of sporting activities at lunchtime and after school and are training Y6 buddies to act as coaches on the yard to help the younger children improve.

As well as the obvious benefits of sport and healthy eating I strongly believe this will help with children's confidence, self esteem, mental health and general performance in all aspects of school life. At this time I would also like to congratulate the boys and girls that have represented the school football team and are playing in the finals today. I wish them all the best of luck and want them to know we are proud of their hard work! Thank you again for all of your support!
