### **A School to be proud of!**

Anyone that has visited our school will know how much importance is placed on working in partnership to give our children the best possible education not only academically but also socially, morally and spiritually. I therefore feel it is important we reflect on some of the many successes that are taking place.

**Academically** - All of our children from 2-11 are working and playing to the best of their ability in all areas of the curriculum. They are working hard to catch up on any missed teaching and are doing so with determination and desire.

**Socially** - The way children have returned to school demonstrates just how well children interact with others. Children's conversations observed in lessons and at lunch and break times show just how much they are growing socially and their growing knowledge of internet safety will help them to live responsibly and safely in society, with the teaching of mindfulness adding to their ability to cope socially.

**Morally** - Children at St. Joseph's are able to articulate what is right and wrong and the behaviour across the school is excellent. Children are able to model the values being taught and we celebrate this weekly in our praise assembly.

**Spiritually** - You only have to watch the children pray and talk about others to see how much respect our children have for the Catholic Life of the school. Children in our school are able to talk about spirituality openly and honestly and they will independently ask to pray for people in need. The school chapel, Faith Ambassadors and Mini Vinnies have further enhanced this as well as the excellent partnership with the Church. The children of our school are a credit to us and this demonstrates just how well our school is performing. Thank you so much for all that you do and the support you give the school!

Let's keep up the hard work!

### **PTFA**

A huge thank you to Mr Cox and the PTFA for raising £450.00 by allowing me to cut off Mr Cox's mop! What a great response from you all!
